المحتوى باللغة الانكليزية

* Dr. Fathi Kubba

Revisonment of Steel Pipe Gaskets, Location and Pattern

* Dr. Hader Ahmad Akali

Effect Of Spring Parameters On Dynamic Load Formation In Machine Aggregate With Two-Stage Spur Gear

* Dr. A. A. Nassar & Dr. Huda M. Elias

Investigation of Friction Effects and Its Trapping Rate in Deformed and Annealed Copper

* Asad T. al-Obaidi

The Effect Of Using A Heat Exchanger To Reduce A Secondary Evaporator On The Performance Of Window Air-conditioner

* Dr. Ali K. Al-Sarraf

Remote Control Of Domestic Devices Using Infrared as A Communication Channel

* Dr. Hani M. Fahim & Fatiha L. Fatah

Seismic Evaluation Of Existing Reinforced Concrete Buildings

* Dr. ELIAS Karim & Dr. A.S.B. Darwish & Y.A. Mahmood

Computational Procedures to Investigate the Boundary Layer Parameters Growth over Curved Surface of Tail

* Ismail Ibrahim Shih

Computational Approach for Predicting the Center of Pressure and Lift Characteristics for Wing Body Tail Combination

* B.M. Deyi (Ph.D) & A.A. Al-Naimi (Ph.D)

Experimental Study On Composites Strength and Hardness Of Unidirectional Polymer Composites

* Dr. Jabbar Alwan & Dr. Muayyid Abdullah Al-Hadi & Laith Hussain

Finite Element Analysis of Tubular Injection Molding

رقم المذاع في مركز الكتب والتوثيق ٢١٠ في ١٩٧٧
